

CALHOUN IS AT LAST INDICTED

Grand Jury finally Returns True Bills Against United Railroads Officials and Others.

EIGHTY-NINE COUNTS ALLEGING BRIBERY

Calhoun, Mullally, Two Attorneys, Schmitz, Ruef and Telephone Officials Among Those Who Are Indicted.

By Associated Press. SAN FRANCISCO, Cal., May 24.—Speculation that has been rife for weeks as to what the grand jury would do in the matter of indicting high corporate officials and municipal officers for alleged bribery in connection with the granting of an overhead franchise to the United Railroads ended tonight when the inquisitorial body returned ninety-nine indictments of eighty-nine counts charging the crimes of giving and accepting bribes and naming as guilty the following persons: Mayor Schmitz, Abraham Ruef, President Patrick Calhoun and Assistant President Thorne Mullally of the United Railroads, Attorneys Henry L. Ford and William L. Abbott of that corporation, President Louis Glass and former Agent Theodore B. Halsey of the Pacific Telephone & Telegraph company, the last named indictments being in connection with the alleged deal by which the telephone corporation sought to prevent the granting of a competitive franchise to the Home Telephone company.

Are Indicted Jointly

Fourteen indictments containing eighty-four counts were returned jointly against Schmitz, Ruef, Mullally, Ford and Abbott, whom the grand jury accused of bribing fourteen supervisors in amounts ranging from \$4,000 to \$15,000 each, to vote for the change in the franchise of the United Railroads by which the corporation immediately after the fire gained authority to electrify 25 miles of street railway system. Two additional indictments were returned against Schmitz, one charging that he sought and accepted from Ford and Ruef a bribe of \$50,000 for the co-operation in the trolley deal and the other charging that he had sought and received from Frank C. Drum and Ruef a bribe of \$3,250 to approve the vote of the supervisory board fixing the public gas rate for 1906 at 85 instead of 75 cents, at the behest of the San Francisco Gas & Electric company.

Glass Charged with Bribery

Two indictments were returned against Louis Glass charging him with the bribery of two supervisors who refused to vote a franchise competitive with that held by the Pacific States company. These indictments are additional to those returned against him several weeks ago in the same connection. The indictment returned today against Halsey is identical with those returned against Glass and with the eleven previously voted against Halsey himself. It was after 5 o'clock when the grand jury adjourned from Native Sons hall and went in automobiles to Judge Coffey's court to enter the nineteen true bills. Attorney A. A. Moore of the United Railroads legal staff and Attorney Earl Rogers of Los Angeles, who has been engaged for the defense of Calhoun and associates, appeared for the railway corporation.

Fixes Heavy Bail

Judge Coffey announced that he would fix bail at \$10,000 on each of the eighty-four counts. He gave the accused until 11 o'clock tomorrow morning to furnish bonds and remarked that he would accept in lieu thereof cash bail of \$5,000 on each count. Assurance was given that pending the arrangements for bail no arrests will be made by the prosecution. The failure of Jurors Sonntag and Young to accompany the grand jury to Judge Coffey's court was not explained. The fact that Sonntag and Young followed each other from the grand jury chamber shortly before that body started for court and that they appeared to be laboring under excitement or anger gave rise to the report that the voting of nineteen indictments was not accomplished without friction.

The statement was made unofficially that all but \$140,000 of the \$390,000 will be forthcoming at the appointed hour tomorrow. The United Railroads will have to put up for the president, assistant president and two attorneys, \$540,000 in securities or \$280,000 in cash. Schmitz in addition to \$50,000 security already given to secure his liberty will have to put up \$100,000 in bonds.

Ruef Remains Prisoner

It is said that Ruef, under the circumstances and in view of the fact that he has turned state's evidence, prefers to remain the prisoner of Elisor Biggy, President Glass of the telephone company has already given bonds of \$90,000, and will have to put up \$20,000 more to retain his liberty.

Theodore Halsey has put up \$110,000 bonds and will have to put up \$10,000 additional. When Foreman Oliver of the grand jury filed the nineteen indictments he stated that these were "only a partial report" from the grand jury. This is taken to mean that more indictments are to follow.

CALHOUN TALKS AGAIN OF SPECKELS CONSPIRACY

SAN FRANCISCO, Cal., May 24.—Patrick Calhoun tonight issued a lengthy statement addressed to the American people in which he said that the returning of indictments against himself and associates is another step in the program to gain political control of the city by Rudolf Spreckels and others for selfish purposes through a combination with the labor union party. Continuing, Calhoun says:

"The evidence is now complete that self-confessed criminals have been retained in the board of supervisors to do the bidding of Spreckels and his fellows. In the language of one of the prosecutors, they are 'good dogs.' Their evidence has been purchased and their services secured through immunity contracts.

"I charge that the motives of Spreckels and his assistants are base and malicious, that his plans are selfish and injurious to the welfare of this community; that they seek through assassination of character to injure the United Railroads, and to further their own financial plans that they inspired strikes, violence, destruction of property, boycotts and that these indictments are each a part of Spreckels' plans to confiscate the property of the United Railroads and to replace our street railroads by lines owned by Spreckels, and to that end to control the politics of San Francisco."

"I would be surprised that any body of American citizens could be induced to find these indictments if I did not know the methods which have been used by Spreckels' corps of hired detectives and his constant access to members of the grand jury, who have been misled by his professions of virtue.

"To my friends throughout the country I give assurance that these indictments are not founded upon facts, that here is no evidence that could justify them and that my associates and I will be fully vindicated."

ABE ATTELL PUTS IT OVER SOLOMON

Los Angeles Kid no Match for the Champion—His Game-ness Alone Saves Him

By Associated Press. LOS ANGELES, Cal., May 24.—Abe Attell, featherweight champion of the world, won a twenty-round fight from Kid Solomon of Los Angeles tonight with the greatest ease and receiving the decision. Solomon's face was cut and bled into a mass of bruises and covered with gore. Attell had not a mark upon him. Solomon landed scarcely a blow throughout the fight, while Attell sent home hundreds.

The champion was a master of every blow; his footwork was superb and his defense at all times absolutely perfect. Solomon had much the greater reach, but Attell's splendid blocking and sidestepping completely baffled his opponent. Blood flowed freely from the latter's nose in almost a continuous stream from the second round to the twentieth. The gameness of Solomon alone saved him from a knockout. In his early rounds after one of Solomon's allies Attell rushed him and sent a swift right to the solar plexus. Solomon sank to his knees groaning with pain. The referee started to count, but the gong sounded at "five" and Solomon was able to go to his corner.

A Roosevelt Wedding Wednesday evening at Roosevelt occurred the wedding of Miss Bessie Morrow of Tempe and Thomas Hugh Carr of Roosevelt. The bride is a daughter of Mrs. Thomas Moore of Tempe and Mr. Carr is a government employee and is connected with the cement mill at the damsite.

The Weather

By Associated Press. WASHINGTON, May 24.—Forecast for Arizona: Fair Saturday and Sunday.

RUN TWO HUNDRED CARS YESTERDAY

Strike Sympathizers Attack a Car, Almost Killing Strike-breaker-Motorman.

CAN FULL OF GUN COTTON IS FOUND ON CAR TRACK

Policemen Detailed to Arrest Those Insulting Passengers—Believed that Militia May Yet Be Called Out.

By Associated Press. SAN FRANCISCO, Cal., May 24.—The United Railroads operated two hundred cars on twenty-eight lines with the force of strikebreakers brought here by the company. It was announced tonight that all but one line of the company's electric system will be in operation tomorrow.

According to officials of the United Railroads, about 125,000 are patronizing the cars. This is still considerably less than half the normal number of passengers. The strikers claim to have ninety buses in operation which are well patronized.

The center of disturbance today was in the Potrero district in the southern part of the city. At about 4 o'clock this afternoon a crowd of strike sympathizers attacked a car at Twentieth and Kentucky streets. Ed Glenn, a strike-breaking motorman, was struck on the head with a brick and is in a critical condition at the Central Emergency hospital. The car was badly wrecked. Manuel Silva, a striking car man, and Dan McCarthy, laborer, were arrested on suspicion of having thrown the missile and are being held by the police pending the results of the injuries. Two women passengers on the car are said to have been seriously injured, but they were spirited away.

Gun Cotton on Track

A tin can containing gun cotton was found this morning on the car tracks at Eighth and Minnesota street by Sergeant of Police Blank. There were many minor disturbances today in the district south of Market street. Obstructions were placed on tracks and crews were constantly stopping to remove them. In the western district but little resistance is offered.

Fourteen policemen in plain clothes were detailed today to arrest persons using obscene or insulting language to passengers on cars. Several arrests were made. The labor council tonight passed a resolution asking the newspapers not to publish any more inflammatory statements from either side of the controversy. The council held that the publishing of statements couched in intemperate language from the car men and officials of the United Railroads only aroused bitter feeling and tended to ward violence.

May Call Out Troops

SACRAMENTO, Cal., May 24.—General Lauck today attempted to get telephone communication with Governor Gillett, but the latter had started for San Francisco. The general belief here is that the militia will be called out if the disturbances of Thursday in San Francisco are continued. Governor Gillett is now in San Francisco.

The Weather

By Associated Press. WASHINGTON, May 24.—Forecast for Arizona: Fair Saturday and Sunday.

WELL IS CLEANED OUT MAINS TO BE FLUSHED

The oil in the well of the Pinal Mountain Water company has been removed and the well cleaned out. It was learned that the oil had leaked from the feed tank and had seeped through to the well. The soil which was saturated with oil has also been removed from the vicinity of the well and replaced. Sunday evening all the water mains in the city will be flushed out and for the purpose the water will be cut off at the well from 8 o'clock Sunday evening until midnight. The company wishes to notify all persons using water after that time to supply themselves before 8 o'clock.

Great Game Tomorrow

The ball game tomorrow afternoon between the Elks and Eagles will be the prime sporting event of the season and a record crowd is expected at the ball park. The proceeds will be given to charity. The boys have been practicing faithfully for the last week and some who have not been on the diamond for the past twenty-five years have had some difficulty in getting the kinks out of their muscles.

SIX MEN FOR SCHMITZ JURY

One of Rejected Talesmen Had Bad "Dealings" with Ruef and the Mayor.

DEFENDANT'S LAWYER TRIES TO SHIELD MAN

Court Holds that Juror Is not on Trial and that He Will Give All the Protection Required by the Juror.

By Associated Press.

SAN FRANCISCO, Cal., May 24.—Six jurors who will try Schmitz on the charge of extorting money from French restaurants have been finally selected and there is a prospect that the jury will be completed by the middle of next week. The feature of today's proceedings were the examination of Talesman Charles W. Welch, senior member of the Weber company, furniture dealers. The inquiry into Welch's fitness to try the mayor resolved itself into a heated battle between Special Prosecutor Johnson and Attorney Barrett of the defense. Welch confessed in answering a series of extremely pointed questions by the prosecution that he had sought and obtained the "friendship" of Ruef for the Weber company in its successful bidding for municipal supplies contracts and that he had occasionally paid Ruef money several times. "To help along the mayoralty campaign of Schmitz," the talesman's evasiveness in meeting Johnson's questions, which were designed to disqualify him, led to a spirited repetition of the query:

Defense Protects Juror

"In view of the things that you have said, do you think you would make a fair and impartial juror?" Each affirmatively inclined answer provoked the state to delve deeper into Welch's political-business dealings with Ruef and Schmitz and roused the defense to undertake to shield the talesman from Johnson's probe. Finally Judge Dunne, called upon for a ruling, admonished the defense that Schmitz, not Welch, was Barrett's client, and that whatever protection the juror might need would be afforded by the court. Welch was eventually dismissed on the repeated challenge for cause by the state. An incident of Welch's examination was that he claimed that he had contributed "continuously and indiscriminately as all business men are compelled to do to campaign funds," and that he not only had given money to campaigns, but had been advised to run for office.

HAYWOOD TRIAL DRAGGING ALONG

Second Special Venire Is Barren One So Far, as None Have Qualified Yet.

ONE TALESMAN WHO IS WITH THE PRESIDENT

Says He Believes that Haywood and Associates Are Undesirable Citizens—No Limit to Defense's Queries.

By Associated Press.

BOISE, Idaho, May 24.—The second special venire of talesmen in the Steunberger murder case is proving barren of men qualified to act as jurors unless the form is completely reversed and there must be another special venire. The first half of the venire yielded one man who actually qualified, one more who may qualify, and the rest went down on fixed opinion or bias. Only twenty-six remain to be examined and on the assumption that all peremptory challenges will be used, seven more jurors must be found.

In the procession of disqualified today came the first man who unqualifiedly stands by Roosevelt and his utterances as to Messrs. Meyer, Haywood and Pettibone. He is C. W. Teeter, a farmer, and long ago a member of the Knights of Labor. The state's examination qualified him.

Agrees With Teddy

At several points in the examination by the defense there were indications that Teeter's answers would give cause for challenge, but he crossed all thin ice down to the question of the letters of the president. In answer to the question he said that he indorsed the letter of the president in which the prisoners are characterized as undesirable citizens. When asked directly if he thought the prisoner to be guilty or innocent of inciting riot and was an undesirable citizen he gave an affirmative answer. The court sustained the challenge of the defense and Teeter walked the plank of bias.

Early in the morning Henry Curtis qualified for a seat and the defense examined and finally passed John Whitlock. That opened the way for peremptories. The state challenged Isaac Bedell and there the proceeding halted all day.

One Only Who Looks Good

Nineteen talesmen occupied the chair during the day and the only person who may occupy it is Finley McBean, the last man this afternoon. Counsel for the state today indicated a desire to limit the breadth of the defense examination, but the court kept to its early purpose to allow all possible latitude and overruled all objections aimed at limitation. More women came to the courtroom than on any other day and at one time there were more than twenty.

At no time was the courtroom crowded. The city of Boise still maintains its attitude of aloofness. The trial will be resumed tomorrow.

HAD OTHER WIFE IN KANSAS CITY

Cause of Suicide of Kid Lyman at Nogales Ten Years Ago Finally Learned

A recent dispatch from Nogales says: Ten years ago E. P. Lyman of Nogales, while drunk, married handsome Irene Vance. The next morning he blew out his brains. No motive for the act was known until a few days ago when Sheriff Saxon of Santa Cruz county received a letter which apparently unravels the mystery.

It was from Mrs. E. P. Lyman, No. 305 Wyandotte street, Kansas City, inquiring about her husband. Mrs. Lyman says in the letter that her husband was sometimes known as "Kid" Lyman, and that she had been told that he had committed suicide at Nogales. Apparently the lady had been correctly informed, but the tragedy in the case transpired about ten years ago.

It was in 1897 that "Kid" Lyman permitted his light to shine in Nogales and in a short time he shown in sporting circles as a particularly bright and scintillating star. The "Kid" sometimes tended bar and often was ready to bet his pile that he was a favorite of Dame Fortune. When he won he would have a "time" and it was during one of these "times" that he married Irene. When he sobered up and found himself married he placed a 45 Colt's in his head and blew the holy bonds of matrimony all to pieces.

At the funeral Irene played the role of widow. She no doubt believed she was a widow, as did everyone else in the line city. None knew here that "Kid" Lyman had a wife before coming to Nogales, and that the real widow in the case was a resident of Kansas City. The suicide of the "Kid" was attributed to an aggravated attack of the "blues" after a protracted drunk, but the letter received by Sheriff Saxon causes the belief that the fact that he awoke from his debauch

and found that he had married a second time and committed bigamy, goaded Lyman to his tragic death.

The Vance woman mentioned in the foregoing is a sister of William Buck, who was sent to Yuma for life from Globe for murder several years ago and subsequently pardoned. She is also a sister of Morris Buck, the slayer of Mrs. Canfield in Los Angeles, over a year ago.

ARGUMENTS COMPLETED IN MRS. EDDY CASE

By Associated Press.

CONCORD, N. H., May 24.—Arguments were completed in the Merrimack county court today on the motion of trustees of the estate of Mrs. Eddy, the head of the Christian Science church, to intervene and be substituted as plain tiffs in a suit brought by her son, Geo. W. Glover, and others, to compel an accounting of her property. Judge R. N. Chamberlain, the presiding judge, issued an order that all affidavits and all citations in the case be filed by next Tuesday and decision on the motion will be given later.

Allen Funeral Yesterday

The funeral of the late James B. Allen was held from the family residence at 2 o'clock yesterday afternoon and was largely attended by friends and acquaintances of the deceased, the teachers of the Globe schools and the pupils of Miss Nellie Allen. The casket was covered with floral offerings. Mr. Edward Whelan read the funeral service, which was concluded at the grave. Much regret is felt over the loss of so estimable a citizen and deep sympathy for the bereaved daughter and other relatives.

MRS. MCKINLEY HOLDS HER OWN

Noted Woman Is Making a Game Fight for Life—Keeping President Informed

By Associated Press.

CANTON, Ohio, May 24.—In her fight for life Mrs. McKinley today held her own. As far as the attending physicians, Dr. Portman, and his advisor, Surgeon General Rixey of the navy, could determine at 6 o'clock tonight, when a bulletin was issued, there was no material change in the day.

Interest in Mrs. McKinley's condition is shown by the many telegrams that come from intimate friends of the distinguished patient. President Roosevelt, Vice President Fairbanks, Justice Day and others counted as personal friends of Mrs. McKinley are kept closely informed of the statements of those watching her.

PRESBYTERIANS CLOSE SESSION

Next Assembly Will Be Held in Kansas City—Annual Reports Received

By Associated Press.

COLUMBUS, Ohio, May 24.—The 119th general assembly of the Presbyterian church concluded work today crowding into the last two sessions a vast amount of routine business, much of which is of great importance to the church. There was no renewal, as has been expected, of the temperance issue and the report of the committee on temperance was accepted without debate or a dissenting vote. The assembly decided to meet next year in Kansas City.

The assembly established the colored synod of the Canadian River in Oklahoma, it being reported that negro members of the church in that section desired a separate organization. The committee on church policy ruled with regard to the territory where the differences of race or language made a separation desirable that when a petition for separate presbytery or synod is presented the same shall be granted and it shall not be necessary to secure the consent of other members of the church in the same territory.

The financial committee reported that during the past year nearly \$500,000 had been received for the use of various boards. The committee on necrology reported that during the year 164 ministers of the church had died.

The report of the committee on narrative deplored the increasing desecration of the Sabbath, the laxity in the observance of the week of prayer, the growing restlessness in the pulpit consequent to the shortening of terms of pastorate and increasing concern over the use of untrained laymen in the duties which properly belong to ministers and declaring that danger lurks in the practice of calling men drier from the pew to the pulpit.

A message of greeting was received from the United Presbyterian assembly in Denver, in which hope is expressed that the bonds between the two churches will be strengthened.

The Seamen's Strike

By Associated Press.

HAMBURG, May 24.—The seamen's strike here has not had any effect on the movement of shipping. The seamen of Bremen resolved today to go on strike at once, thus giving support to the Hamburg strikers.

GOULD SQUABBLE GETTING SERIOUS

Forces Retirement of Captain McLaughlin of New York Police Department.

RESULT OF CHARGES BY MRS. HOWARD GOULD

Claims Police Aided Husband in Securing Evidence in Divorce Suit—Witness Says She Was Married Before.

By Associated Press.

NEW YORK, May 21.—Captain William McLaughlin, one of the best known officers of the New York police department, who has been thirty years in the service, will retire from the force at midnight tonight. The former inspector today made application for retirement on half pay, which will be \$2,500 a year, and as he has served twenty-five years and no charges are pending against him, Commissioner Bingham has no alternative but to grant the application. The retirement, too, will remove McLaughlin as a figure in the investigation of the alleged Gould conspiracy. The captain has been ill with bronchitis, and it was understood that he was soon to have been officially examined by headquarters physicians to determine when he would be able to appear before Deputy Commissioner Hanson and explain his alleged connection with the affair of which Lieutenant Frank Peabody told Hanson last night. However, as the application for retirement forestalled possible charges, McLaughlin may be kept out of the case.

Mrs. Gould Married Before

When McLaughlin was preparing his application for retirement today Deputy Commissioner Hanson was continuing the inquiry at police headquarters by which it was learned that both Howard Gould and his wife had been served with subpoenas to appear before him and tell what they knew about the participation of Peabody and McLaughlin in Gould's search for divorce evidence. Edward Sholes, a former circus rider, who is credited with having started the report that Mrs. Gould while Miss Katherine Clemmons had been married in Baltimore to Samuel Dawson before she came to New York, was before the commissioner and he threw still more light upon the connection of the police with the Gould family troubles. He was placed on the stand and after relating conversations he had with "Big Bill" Hawley in regard to the alleged marriage and their investigation of it in Baltimore, he said:

McLaughlin Helps Gould

"Later on I was summoned to McLaughlin's office. He closely questioned me. He asked me if I was sure the woman who married Dawson was Mrs. Gould. I told him all I knew about it and then I said, 'Now you come with me down to Delancy Nicolls' office.' 'I went with McLaughlin to the office and told Nicolls just what I told the inspector and Peabody and 'Big' Hawley and others. That is all I had to do with the affair.' Sholes was asked if McLaughlin ever suggested to him to visit the district attorney's office. He replied in the negative.

Nicolls, upon whom, as counsel for Gould, Mrs. Gould served notice of suit for permanent separation upon the grounds of desertion, cruelty and inhuman treatment, including the police conspiracy against her, today made a statement setting forth his connection with the alleged conspiracy. In brief Nicolls' explains that there came to the ears of the police that a crime had been committed in that Katherine Clemmons, while having a husband living, had married Howard Gould.

Report Was Groundless

Very properly, he holds, the police looked into the matter at his suggestion, and when they had satisfied themselves that the gossip concerning Mrs. Gould was baseless, they dropped the investigation, he says.

"There was nothing done," Nicolls adds, "on behalf of Mr. Gould which was unusual, other than any other citizen has a right to have done for him."

It was said tonight that the retirement of McLaughlin and the explanation of Nicolls would not stop the inquiry under way at police headquarters.

Band Concert Tonight

The Globe Concert band will give one of its popular open-air band concerts this evening on the balcony of the Dominion hotel. There has been no concert for two weeks on account of the wind and dust and the concert this evening will undoubtedly draw out a large crowd, as the band makes good music. The following is the program that will be carried out:

March—The Knight Commander.

Champion Overture—J. H. Loscy.

Cornet Solo—Cezante—Damare.

John Hosking.

March—Old Heidelberg—Kerry Mills.

Selected from Lucia—Donizetti.

Loveland Waltzes—Abel Holmann.

Sailing Down the Bay—Abel-Mahl.

Star Spangled Banner.

To Ride Croker's Colt

By Associated Press.

DUBLIN, May 24.—Richard Croker has engaged Johnny Keefe to ride his chestnut colt Orby in the Derby, and Irish sportsmen consider the colt's chances to be good.

WILLIAM D. HAYWOOD, ACCUSED OF MURDER.

Secretary William D. Haywood of the Western Federation of Miners is one of the men accused of the murder of Frank Steunberger, ex-governor of Idaho, who was blown to pieces by a bomb. Harry Orchard, who confessed the actual crime, implicated Haywood and other federation officials as accessories before the fact. Owing to the absence of a law in Idaho providing for indictments as accessories, Haywood and his associates are charged with being principals to the murder. Haywood is called "the brains of the federation."
